

Undergraduate Committee Reports: 2016

Undergraduate Committee Report: Faculty Meeting, January 28, 2016

Faculty Approvals Needed:

1. Revision to BS ChE program- Math & Chemistry changes

- a. Due to LAS changes to Math and Chemistry courses Chemical Engineering will have a 1 credit hour deficit (127 hours instead of 128 hours)
- b. Recommendation:
 - i. Change CHE 397 from 3 to 4 credit hours
 1. Keep "Electives Outside of Major Rubric" at 3 credit hours
 2. Change Total Hours Required in College of Engineering to 49 hours
 3. "NonEng and Gen Ed degree requirements" hours decreased from 74 to 73.
- c. Proposed LAS Changes:
 - i. Math 180/181 → 5 to 4 credit hours (-2 credit hours)
Adding vectors, matrices to course curriculum
 - ii. CHEM 112 → CHEM 122/123; CHEM 114 → CHEM 124/125 (splitting lecture/lab)
(No change in course curriculum or credit hours for Gen Chem)
 - iii. CHEM 233 (Organic Lab) → 1 credit hour to 2 credit hours (+1 credit hour)

2. Revision to ChE BS Honors student curriculum due to Honors College Chemistry change (CHEM 116/118): (attached)

3. CHE 499 Professional Development course semester change:

- a. UG committee recommends moving course to Fall semester starting Fall 2016

4. Minor in Chemical Engineering revision (attached)

- a. Remove CHEM 342 from prerequisite course list
- b. Add CHE 201 and CHE205 to required courses

Undergraduate Committee Report: Faculty Meeting, February 26, 2016

1. BS ChE program revisions approved by EPC, sent to SCEP for approval; Fall 2016

- a. CHE 397 3 → 4 credit hours
- b. Math 180/181 → 5 to 4 credit hours
- c. CHEM 112 → CHEM 122/123; CHEM 114 → CHEM 124/125 (splitting lecture/lab)
- d. CHEM 233 (Organic Lab) 1 → 2 credit hours
- e. Total Hours Required in College of Engineering: 48 → 49 hours
- f. NonEng and Gen Ed degree requirements: 74 → 73.
- g. Revision to ChE BS Honors student curriculum
- h. Revision to Minor in Chemical Engineering

2. UG application status:

- a. Applications: 234, Admitted: 134, Accepted (Intent to Enroll, ITE): 5
- b. Statistics (see charts)
- c. Emails have been sent out to all admits and ITE's

3. Women in Engineering Scholarship: Chemical engineering applications:

- a. 8 students interviewed (Feb 13, 20): All recommended for scholarship

Undergraduate Committee Report: Faculty Meeting, April 26th, 2016

1. **UG application status as of April 19th:**
 - a. Applications: 257, Admitted: 163, Accepted (Intent to Enroll, ITE): 22
 - i. **8 ChE Women in Engineering Scholarships, 2 accepted**
 - b. Statistics (see charts)
 - c. Emails sent out to all admits and ITE's
 - i. Last week email blast to admits
2. Events
 - a. Recruitment: COE Celebratory Dinner, IGNITE
3. ENGR100 /FESP Revision
 - a. All freshman in one class –plus- department breakout sessions
 - b. Six Industry speakers throughout semester: CHE responsible for one speaker
 - c. Department-specific projects
 - d. GPIP program

Undergraduate Committee Report: Faculty Meeting, August 26th, 2016

1. **Fall Semester enrollment**
 - a. Freshmen: 28 (ENGR100) Note: There are 40 undecided freshmen
 - b. Transfer: 25 (ENGR100)
 - c. Sophomore:
 - d. Juniors:
 - e. Seniors:
2. Proposal to make Renewable Energy course a permanent course
3. Events
 - a. UIC Open House: Saturday September 24th
 - i. Bring students/parents to CEB
 - ii. Open unit ops and research labs
 - iii. Presentation
 - b. UIC Diversity Fair Luncheon: ChE Table, September 22nd
 - i. ChE faculty invited to participate
 - c. Industrial Advisory Board Meeting + CHE Industry Day Event, September 30th
 - i. IAB meeting agenda
 - ii. Industry Day Event update
4. High School Recruitment Ideas from Retreat

Undergraduate Committee Report: Faculty Meeting, September 23rd, 2016

- 1. Fall Semester enrollment**
2. Proposal to make Renewable Energy course a permanent course, CHE451
3. COE change to grade re-calculation policy
4. Events
 - a. UIC Open House: Saturday September 24th
 - b. Industrial Advisory Board Meeting + CHE Industry Day Event, September 30th
 - i. IAB meeting agenda
 - ii. Industry Day Event update

Undergraduate Committee Report: Faculty Meeting, December 2nd, 2016

- 1. Fall Semester enrollment:** Nothing yet to report
2. CHE 451 Renewable Energy Technologies course approved by EPC, pending further approvals
3. CHE496/497 courses for China 3+2 program, in progress
4. Events
 - a. UIC Open House: Saturday September 24th
 - b. Industrial Advisory Board Meeting + CHE Industry Day Event, September 30th
 - i. IAB meeting agenda
 - ii. Industry Day Event update
 - c. College of Dupage Explore Engineering event: well-attended
 - d. HS District 214 Career Night at Buffalo Grove HS
 - e. AICHE MRC (Spring 2017)
 - f. UIC ChE Alumni Social Mixer
5. AICHE student chapter
 - a. AICHE national meeting
 - b. Gelita tour
 - c. ChemE car
 - d. Other events (Hacknight, Final prep, Bar Crawl)
6. High School Outreach Initiative
