

College of Engineering Educational Policy Committee Meeting Minutes: 2017

Minutes of the Wednesday, January 18, 2017

College of Engineering Educational Policy Committee Meeting

Time: 2-3pm

Location 115 SEO

In Attendance: Houshang Darabi, Natasha Devroye, John Hetling, Joseph Hummel, Eduard Karpov, Ludwig Nitsche, Alan Zdunek, Guests: Zhao Zhang, s

1. Minutes from December 13th meeting **EPC approves**
2. **ECE 266 course (new): EPC approves** with some minor changes to CRS
3. **Master of Engineering (MEng) Course Rubrics** (Piergiorgio Uslenghi)
Discussed proposed list of 15 new MENG rubrics from existing ChE, ECE, BioE, CS,ME 400-level courses regarding the following:
 - a. How to structure the courses,
 1. Who will teach and administer the online courses: adjunct, FT-faculty with compensation, and grad students fielding questions, grading);
 2. Suitability of the instructor (MENG finds external instructors but depts have input if warranted). For small numbers of students enrolled, Dept course instructor has option to administer the course, if not then MENG finds an instructor.
 - b. Previous EPC recommendation was to have a 'firewall' between dept course and MENG course (Sept 20th EPC meeting minutes);
 - c. EPC still recommends that the MENG courses are not cross-listed**
 - d. LCN recommends contacting each department chair as a courtesy notification of the expansion of the MENG courses using existing dept course rubrics.
4. Old Business: None
5. New Business: None
6. Next meeting February 1st Wednesday

Minutes of the Wednesday, February 1, 2017

College of Engineering Educational Policy Committee Meeting

Time: 2-3:30pm

Location 115 SEO

In Attendance: Houshang Darabi, Natasha Devroye, John Hetling, Joseph Hummel, Ludwig Nitsche, Alan Zdunek

1. Minutes from January 18th meeting; **EPC approved**
2. **ECE Updates:** Ongoing update to courses and curriculum
 - a. ECE 366 (remove lab, add pre-req, change title, add content), ECE 423 (add lab component and make revision to total hours), ECE 452 (change pre-req), ECE 468 (change title, pre-reqs, content)
EPC approves with revisions as discussed
 - b. EE minor and CE minor updates; change in hours and in courses required. Minor revisions were discussed but **overall updates are tabled**; further discussion is needed with CS dept on whether CS 151 is appropriate as a required course in CE.
3. **MENG courses and cross-listing**
 - a. Emails sent out to departments, ECE wants to check with advisory committee, other depts approve
 - b. MENG 451 course addition (same as CHE 451, which has been submitted this year as a new course (previously CHE 492)) **EPC approves**
4. **CHE Updates:** CHE 321: Add CHE 301 prerequisite: **EPC approves**
5. **BIOE Updates**
 - a. BIOE 440: Revising course to be a graduate-only course; BIOE 540, some changes to pre-requisites, and content. EPC Approves
 - b. BIOE 423: Revise course to add "Graduate College" in Restrictions, EPC approves
6. **UG Catalog Review:** discussion on CourseLeaf, suggestion to allow a dept staff member access to system to input changes
7. **Old Business:** None
8. **New Business:** Dana Wright needs EPC-approved revisions/updates by Feb 15th (next meeting) in order for changes to be included in last SCEP meeting.
9. Next meeting February 15th Wednesday

Minutes of the Wednesday, February 15, 2017

College of Engineering Educational Policy Committee Meeting

Time: 2-3:30pm

Location 115 SEO

In Attendance: Houshang Darabi, Eduard Karpov, Bob Kenyon (subbing for Joe Hummel), Ludwig Nitsche, Alan Zdunek, Piergiorgio Uslenghi (guest)

1. Minutes from February 1st meeting: **Approved**
2. MENG new course outlines (see agenda for list of 13 courses)
 - a. Courses are part of the MENG certificate program and don't impact ABET or department courses.
All courses approved
3. CS items:
 - a. CS 418 (new):
 - i. Change Restrictions to allow COE students to enroll (with department hold)
 - ii. Change Course Description to add 'for engineers and computer scientists'
 - iii. Change Major Topics to include engineering/CS specific topics
 - iv. **EPC tentatively approves with changes above.**
 - b. CS 506 (new) **Approved**
 - c. CS 361 (revision) **Approved**
 - d. CS 385: revising to new course number (CS 461) **Approved**
 - e. PSYCH 510: Request to cross-list as CS 510; **Approved**
 - f. CS 426: Request to cross-list as DES 426: **Approved**
 - g. Backlog of CS approvals: CS 522, 527 (added to CRS this year, but no apparent changes to documents, EPC suggests that Dana Wright remove from system), 551, 583 (8-years old changes, ask Joe Hummel if still relevant, or delete CRS's
4. ENGR 194 : New 100-level special topics course similar to 294, 394, 494; **Approved**
5. ECE items: Tabled for next meeting
6. Old Business: None
7. New Business: CS- Revision to Proposal to Establish a Joint BS/MS in CS
 - a. Initially proposed in 2013; revisions to document suggested by Dana Wright in 2013 have now been completed. **EPC approves**, however LCN will check with DW to verify that document reviewed at today's meeting is the most current document.
8. Next meeting February 22th Wednesday (tentative in case of last-minute revisions)
