

Clarification on wording of PEO #2

The wording for Program Educational Objective #2 was updated in the ChE department website to reflect the correct wording given in the Self-Study Report. The difference in the wording was due to an error when the ChE department website was upgraded last year and does not reflect any changes in the PEO from the constituencies.

PEO #2 Breadth: Based upon mastery of engineering in a broad, societal context, UIC Chemical Engineering graduates will have successful careers in the public or private sectors, or in the pursuit of graduate education.
