

Q3: Enrollment and Graduation Data on ChE Website

The enrollment and graduating class size is provided on the department webpage under the ChE-Major link, at the very end of the page. <https://che.uic.edu/undergraduate-programs/che-major/>. It is also stated below.

In the 2019-2020 academic year, 265 students were enrolled at UIC Engineering as chemical engineering majors across all class years. The department graduated 60 chemical engineering majors in the academic year ending August 2019.
