Hi Dr. Zduenk,

It seems Curriculum day will be Tuesday October 16th from 9 am-1:00 pm

Best,
Sarai

Vikas,

The best would be for my 381 TA to take over during a prelab day; Tuesday October 2 or Thursday October 4 are prelab periods in the morning. The next would be October 16 and 18.

Subject: RE: Curriculum Day

Here are a few possibilities I can think of:

1. Start with lunch on a Friday and go till 4 PM. Chaplin and Wedgewood will miss an hour each..
2. If Alan and Betul can have TA takeover on a Tuesday morning, then we can do a whole Tuesday morning + lunch. Only possible if Alan will be there for the whole curriculum day.

Please let me know if any of these can work? Other ideas (let's try to avoid weekends)?

Best,
Vikas

Vikas,

Thank you for initiating the Curriculum Day. It looks like a good agenda. Scheduling appears to be difficult looking at the class schedule, however. Are you thinking about a Saturday morning perhaps?

Subject: Curriculum Day

Hi Sarai, Eddie and Alan,

As you know, we are planning to have a Curriculum Day on one of the working days in September (end) or Oct (early).

Here's how I see we can do this: The day can include the following:

1. (1.5 hrs) Current curriculum and discussion on improvements: Led by **Zdunek**. Each faculty takes about 5 min to talk about what they teach. All faculty members will need to provide the syllabus to Alan.
2. (15 min) Best Practices in Teaching: **Wedgewood**
3. (15 min) Best Practices in mentoring UGs for research: **Sharma**
4. (15 min) Teaching Methods: **Bilgin**
5. (15 min) Lessons from Chem-E-Car Experience: **Singh**
6. (60 min) Lunch + Discussion on Improving student experience: Led by **Berry and Nitsche**.

Total = 3.5 hours

We need the following:

1. We have to ensure that all the faculty (full-time) and staff will be available (Eddie should be there for the whole event). I am available sept end and early oct.
2. Since it will be a working day, the schedule needs to be such that most of the faculty can attend the 1.5 hr discussion on curriculum and lunch. Also, we would like the junior faculty to attend the whole event too. Attached is the course schedule for all.
3. I have talked to all on the list above, except Meenesh. Need to make sure that we have all of the speakers.
4. We will book one of our on-campus rooms (presentation + microphone) for about 25 people for this; and provide lunch. Budget ~ \$700.

Thanks!

Best,
Vikas
