

Q8: Tenure and Promotion Guidelines

Criterion 6. Am I correct in my interpretation that there are only three Full Professors in the department and one is the Chancellor and another is a 25% partial appointment? So Vikas is the chair and only full professor who is full-time in the department? I see you have an endowed chair search starting and have had a recent retirement so I just want understand the situation fully. I'm curious how your promotion and tenure guidelines allow for promotion to full professor without many professors at that rank already.

Professor Vikas Berry, Department Head will discuss this question with you during your meeting on Monday, October 19th.
